- Conclusion

Iran

Population: 84,923,314

Area: 1,648,195 km²

Capital: Tehran

Official language: Persian

Time zone: UTC+3:30(IRST)
Summer UTC+4:30(IRDT)

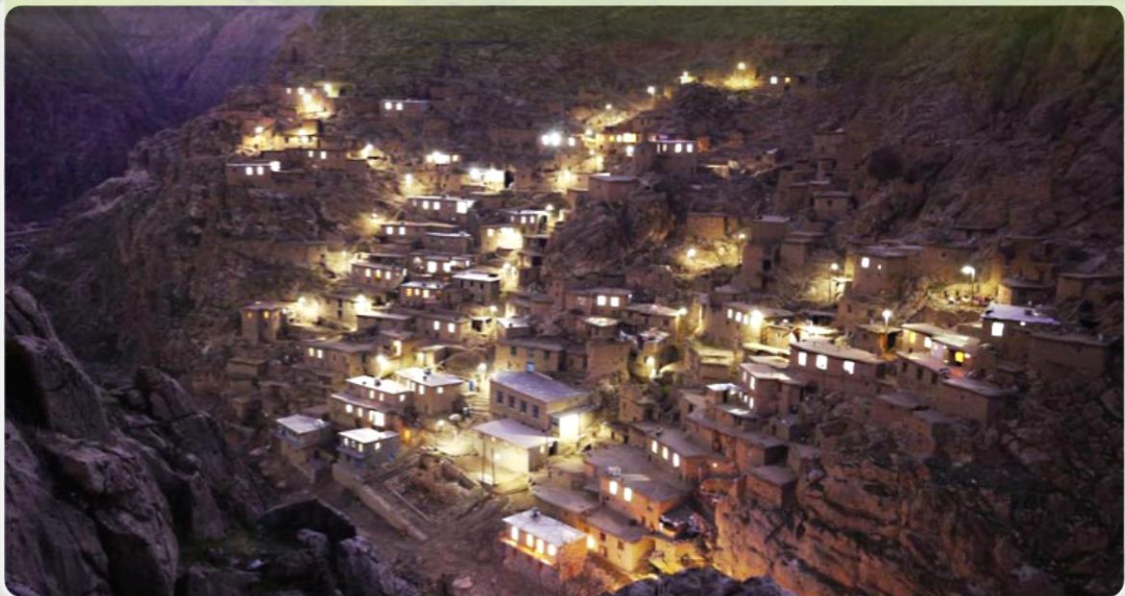

Currency: Rial

Kurdistan Province - Sanandaj

Beautiful Kurdistan

Sanandaj

Founded about **400** years ago

Population: **450,000**

Creative City for **Music**

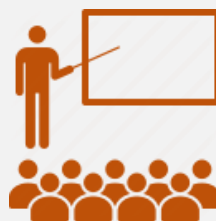

The **21st** largest city in Iran

Area: **3,033** km

University of Kurdistan (UOK)

➤ Largest university in Iranian Kurdistan Province established in **1991**.

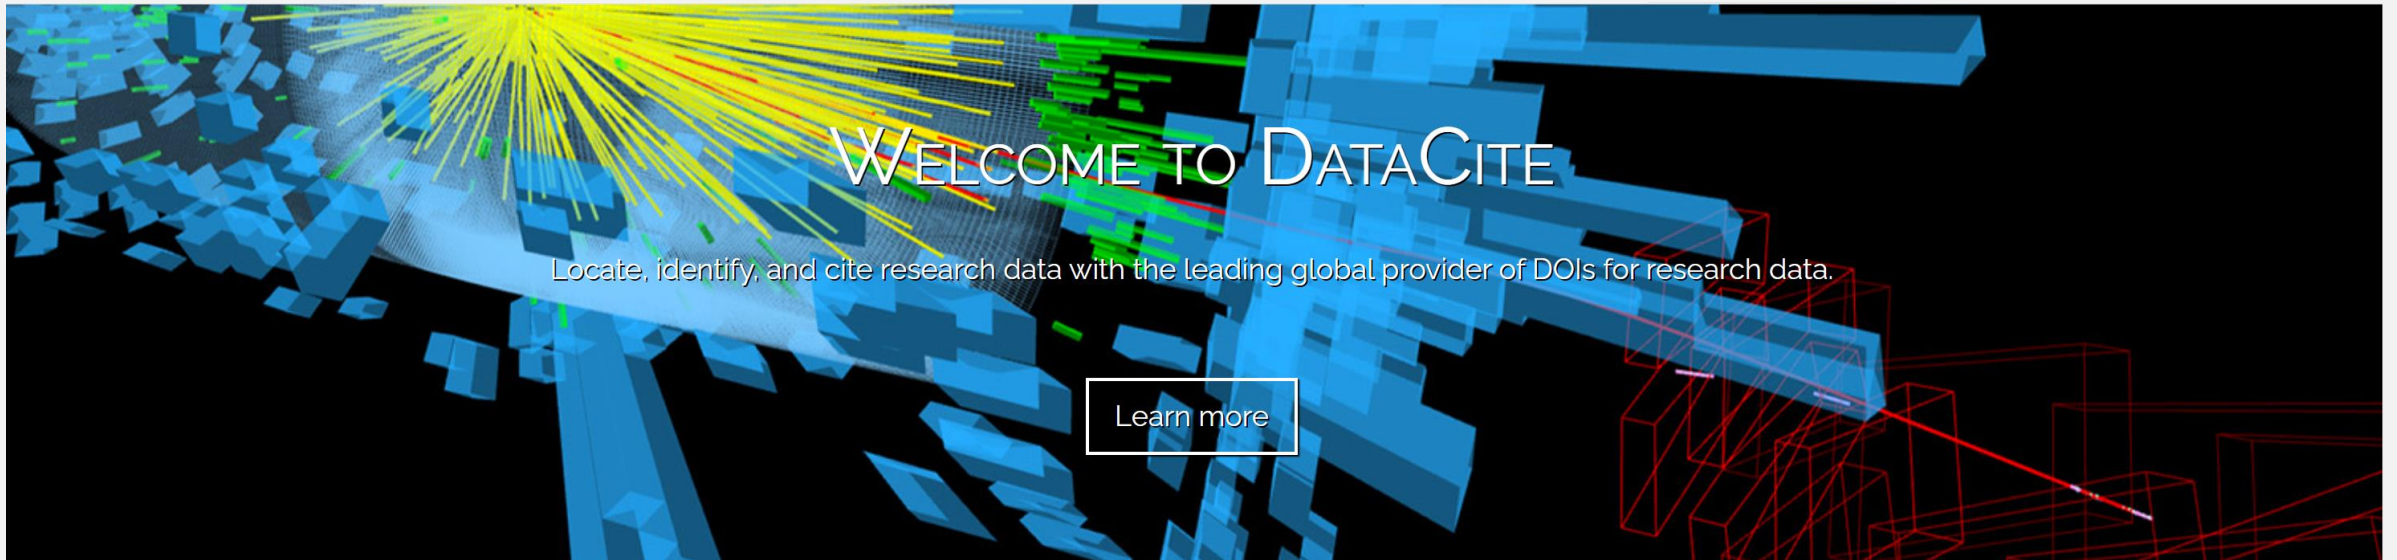

Ranking:	Students:	International Students:	Academic Staff:	Administrative Staff:	Faculties:	Degree Programs:
601-800 THE World	over 12000	5%	FT 420	490	8	207
133 THE Asia			PT 390		Departments: 47	
165 THE Young						

Why DOI?

Digital Object Identifier (DOI):

- a unique code given to digital research content,
- act like a fingerprint or a barcode for unique identification of research outputs,

- A leading global non-profit organisation that provides DOIs for research data and other research outputs,
- Founded on December 2009 by organisations from 6 countries,
- develops additional services to improve the DOI management,
- promotes data sharing and citation through community

Tariffs for 2022

The DOI code issuance tariff for consortium members is outlined below. Please note that consortium members must also pay an annual fee of 500 Euros for membership fees. DOI codes with a special prefix will be issued to these members

Consortium Members

DOI Code Request Range	Cost
1 to 500	Free
501 to 1000	0.70 Euros per Code
1001 to 2000	0.60 Euros per Code (first 500 codes are free).
2001 to 5000	0.50 Euros per Code (first 500 codes are free).
5001 to 100000	0.25 Euros per Code (first 1000 codes are free).

Example: If an organization needs 2,500 codes per year, its annual cost will be calculated as follows:

$$500 + 500 * 0 + 2000 * 0.5 = \text{€}1500$$
